

The screenshot displays a web browser window with the address bar showing a local host URL. The page title is 'Cucumber Report'. Below the title, there is a summary table with columns: Project, Number, and Date. The project is 'E2E Aspect Test Automation', the number is '1', and the date is '11 Feb 2022, 19:40'.

Below the summary table, there is a 'Feature Report' section. It contains a table with columns: Feature, Steps (Passed, Failed, Skipped, Pending, Undefined, Total), Scenarios (Passed, Failed, Total), and Features (Duration, Status). The table shows one feature, 'Aspect Test Functionalities', with 91 steps (all passed), 15 scenarios (all passed), and a duration of 9:45:431.

Below the feature report, there are three detailed scenario reports, each with a 'Tags' section and a 'Steps' section. The scenarios are:

- Scenario Try to login with admin and lower level users checking the menu we receive.** (44:590)
  - Given User should Open chrome browser (13:319)
  - When User will Open Application URL (18:217)
  - Then User will Enter UserName and Password and click on login button (8:598)
  - Then Validate the DashBoard URL (4:084)
  - Then Close the browser (0:311)
- Scenario Verify Home page widgets and graphs.** (21:865)
  - Given User should Open chrome browser (1:636)
  - When User will Open Application URL (0:009)
  - Then User will Enter UserName and Password and click on login button (8:423)
  - Then verify widgets on Home page (3:431)
  - Then verify graphs on home page (0:000)
  - Then Close the browser (0:369)
- Scenario Verify Operational Data Dashboard widgets and charts.** (37:372)
  - Given User should Open chrome browser (2:028)
  - When User will Open Application URL (10:128)
  - Then User will Enter UserName and Password and click on login button (8:417)
  - Then Navigate to Operational data page (15:725)
  - Then verify charts on operational data page (0:673)
  - Then Close the browser (0:398)

Cucumber Report		Features	Tags	Steps	Failures
Tags: @AspectFunctionality @TC4					
Scenario Verify Operational Daily status widgets and charts		36.256			
Steps					
Given User should Open chrome browser		1.988			
When User will Open Application URL		7.581			
Then User will Enter UserName and Password and click on login button		8.449			
Then Navigate to Operational data page		15.667			
Then Navigate to Daily status tab		0.359			
Then verify charts Daily status tab		1.619			
Then Close the browser		0.249			
Tags: @AspectFunctionality @TC5					
Scenario Verify Report Page chart		25.885			
Steps					
Given User should Open chrome browser		1.758			
When User will Open Application URL		8.975			
Then User will Enter UserName and Password and click on login button		8.460			
Then Navigate to Report Page chart		5.484			
Then verify all the reports on report pages		0.899			
Then Close the browser		0.287			
Tags: @AspectFunctionality @TC6					
Scenario Verify Report Page obtain 12reports & check if excel is downloaded		26.883			
Steps					
Given User should Open chrome browser		1.838			
When User will Open Application URL		9.162			
Then User will Enter UserName and Password and click on login button		8.463			
Then Navigate to Report Page chart		5.481			
Then verify all the reports on report pages		0.975			
Then verify all the reports having excel files are downloadable		0.939			
Then Close the browser		0.222			
Tags: @AspectFunctionality @TC7					
Scenario Verify Browser Page and select devices check all the fields		26.118			
Steps					
Given User should Open chrome browser		1.725			
When User will Open Application URL		8.102			
Then User will Enter UserName and Password and click on login button		8.424			
Then Navigate to Browser page and select devices		5.547			
Then verify all the fields available in device page		2.013			
Then Close the browser		0.205			
Tags: @AspectFunctionality @TC8					
Scenario Verify Browser Page and select contacts check all the fields		38.568			
Steps					
Given User should Open chrome browser		1.814			
When User will Open Application URL		11.601			
Then User will Enter UserName and Password and click on login button		8.494			
Then Navigate to Browser page and select contacts		14.636			
Then verify all the fields available in contacts page		1.020			
Then Close the browser		1.000			
Tags: @AspectFunctionality @TC9					
Scenario Verify Browser Page and select sites check all the fields		41.997			
Steps					
Given User should Open chrome browser		5.341			
When User will Open Application URL		16.900			
Then User will Enter UserName and Password and click on login button		8.609			
Then Navigate to Browser page and select Sites		10.280			
Then verify all the fields available in Sites page		0.566			
Then Close the browser		0.298			
Tags: @AspectFunctionality @TC10					
Scenario Verify Browser Page and select supply check all the fields		37.641			
Steps					
Given User should Open chrome browser		3.848			
When User will Open Application URL		9.823			
Then User will Enter UserName and Password and click on login button		8.441			
Then Navigate to Browser page and select Supplies		14.530			
Then verify all the fields available in Supplies page		0.709			
Then Close the browser		0.287			
Tags: @AspectFunctionality @TC11					
Scenario Verify Browser Page and select Routers check all the fields		35.462
